VARIANCE APPLICATION

STATEMENT OF JUSTIFICATION

Application is hereby made for the following variance. Briefly describe your variance request below.

To authorize upon appeal in specific cases such variance from the terms of this article as will not be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this article would result in unnecessary hardship. In granting any variance, the board of adjustment may prescribe appropriate conditions and safeguards in conformity with this article.

Briefly explain how your variance request meets each requirement in the space provided and refer to your site plan where it is useful.

A variance from the terms of this article shall not be granted by the board of adjustment unless and until it shall make the following findings:

- A.** That unnecessary hardship would result from the strict application of the regulation. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.

- B.** That the hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance. A variance may be granted when necessary and appropriate to make a reasonable accommodation under the Federal Fair Housing Act for a person with a disability.
